Principal's Desk

On behalf of the Kalindi Academy of Nursing Sciences, Mahasamund (C.G.) grateful enough to welcome the entrance of new students for the session 2013-14. In this news letter we have shared the report on the midline assessment of the Director's / Management of this institution. The assessment also includes to give update & thorough knowledge towards the nursing profession which includes comprehensive nursing care to the client. Client satisfaction with the services provided by the student nurses and also maintenance of personality, discipline, behavior & character of students.

Lastly extending my good wishes for the better future of students and prosperity of Institution.

Thanks

Principal

PHILOSOPHY

- ☆ *Modern nursing is a dynamic, therapeutic & educative process in meaning of the needs of the individuals, the family & the community.*
- ☆ *Providing nursing training and education of highest grade to both male and female equipping them to provide best of possible care to those who are suffering.*
- ☆ *Promoting health in community through effective medical and nursing services in villages, opening new doors for social change.*
- ☆ *The council believe that it has a responsibility in helping the students to develop pride in their profession besides keeping them abreast with current knowledge and professional trends for successful career ahead.*

Goals & Objectives:-

Kalindi Academy of Nursing Sciences seeks to

- ✓ *To train nurse to be caring, responsible, dedicated, creative and rational in providing care to those in need.*
- ✓ *To train nurses in dealing effective with the health problems of community within the existing constraints.*
- ✓ *To help nurses develop an ability to cooperate and co-ordinate with members of health team in the prevention of disease's, promotion of health and rehabilitation of the sick.*
- ✓ *To prepare nurses to keep pace with latest professional and technological developments and use these for providing nursing care services.*

Historical Background

The vision of Director's & respective members of Swati Educational Society, Raipur C.G., Resulted in a Health care system in the form of "School of Nursing"- "Kalindi Academy of Nursing Science' Mahasamund, Dist. Mahasamund (C.G.)

The School of Nursing was started in July 2011. The school grew under auspices of the C.G. Nurses. Registration council, Raipur and recognized by the "Indian Nursing Council" (INC) New Delhi.

The curriculum is three and half year Diploma Programme resulting in registered Nurse midwife (G.N.M.)

The school Building :-

A separate building exists with 04 lecture rooms. 01 demonstration room, 01 science lab, MCH lab, Nutrition lab, Anatomy lab, Computer lab, Community health lab and well equipped library and assembly hall.

Climate:-

The climate here is very hot in summer and cold in winter the monsoon are good.

PURPOSES:-

The main purpose of G.N.M. course is to provides educational programmes through which the graduates will be prepared to assume – responsibility in primary, secondary and tertiary care of people as professional Nurse. The essential elements of Nursing practice are those that are related to maintain and restore normal life functions, assessing patients physical, emotional states environmental factors formulating and implemental plan for the provision to Nursing care based on scientific principles . In providing these services the nurse's function as a member of the health team. It is expected that graduates are capable of teaching and supervising appropriate Nursing and Health care in different setting and participate in administration of Nursing services and education.
